I have great pleasure in conveying my best wishes to all the Probationers of 2014 batch on completion of their Professional Course.

In view of the changing world scenario, India Post has tried to keep pace with the demand of the new generation by implementing India Post IT Modernisation Project in different areas of its operation. Indian Postal Service Officers not only need the knowledge and skill but also proper attitude, leadership qualities and empathy for providing the best of services to our esteemed customers as well as the employees. In this connection I would like to place on record my deep appreciation of the entire faculty for encouraging and guiding the probationers for their all-round development.

I am very happy to note that the probationers have been able to put together a very good memoir by sharing their experience in the Academy so as to remember the happy days they spent in the academy in the years to come.

I am sure the probationers will achieve greater success not only in their professional career but also in their personal life.

Things Life taught me.....

By. Shashi Uttam

Never give in to thoughts of despair
sometimes your days are just not there
Trust your heart and the words that you felt
But most of all, believe in yourself.

In life, changes happen. For good and bad
You meet people who can make you smile, and make you sad
You figure out who is and isn't really there for you
You will grow to love those who are there no matter what you go through
You will do things you are proud of and things you regret
Things will happen that make you happy and things you wish you could forget
It won't be a walk in the park but you'll make it through
Just believe in YOU

Believe in yourself, and you'll make it
Don't pretend. Be yourself, don't fake it
Be there for your friends as they are for you
No matter if they are old friends or new
Sometimes your friendships will be what get you by
They will be there for you to rant and cry
Those are the ones you know are there
The ones that will listen, and make sure you know they care.

This poem is a translation and edition, done by me, of a Ladakhi folk song. I heard it from a old man, during my first *Ladakh* visit in May 2016. This poem is about a woman, she is waiting for a letter which supposed to send by her husband, who is far away from their, in the end she was in a dilemma that if she read this letter than she has nothing to read because due to very difficult terrain next letter will take time. I choosed this poem because there is a *postman* who bring the letter to this woman so this poem highlight the position about *letters*, *writings*, and of course the *postman* in her life.

ये चिनार की पाती और पतली सी राह
दिखती है हरदम कुनलुन के पार
बलखाती श्योक और उसकी तेज धार
जाती है दूर कहीं अनजान

ऐ बर्फ जो फैली यहाँ, रहती है हरदम
कैसे भला
ऐ सूरज बुझाता हुआ, रहता है दूर इतना
क्यूँ यहाँ
ऐ हवा ठहरती तो जा, जल्दी है तुझको
इतनी भी क्या
ऐ सुबह कुछ जल्दी तू आ, बैठी है रस्ते
कोई भला

ऐ हुलाक तू उठ जरा, आती है पाती तू
उसको सम्हाल
बर्फोली राहें और श्योक की तेज धार
रस्ता नहीं है, मगर फिर भी आ
गोम्पे से मुड़ना और आना यहाँ

स्याही - कलम, तू मुझे ये बता
था तू वहाँ जब लिखना उसे था
ऐ सखी आ अभी मत यहाँ
बैठी यहाँ मैं, मुझे ढेर काम

पत्रों की खुशबु जरा सी यहाँ
सिम - सिम हुई है, ये पाती जहाँ
कैसे पढ़ूँ मैं, लिखा जो यहाँ
अगली ये पाती आये कब यहाँ

चिनार- A tree

श्योक - A river

कुनलुन - A mountain range

हुलाक- Post man

Life as we know it !

Ms. Suchismita Swain

A tiny step towards a dream,
a civil servant is country's cream.
Nervous a bit , excited a lot;
packed with adventure , a journey we got.
RAKNPA was to be our new home,
from north to south we travelled and roamed.
A thoughtful walk around garden we must,
spot a peacock if you are just.
United we stand and divided we fall,
was a lesson we practiced in inter-service football.
Sometimes we were just sad,
while other times weather was bad.
Yet we cherished every happy time,
made lemonade when GOD gave lime.
Projects and PPTs were norms of day,
brainstorming for ideas made us gay.
Questions of how why what didn't end,
Afterall, we are responsible for mails send.
Thoughtful mentors gave chances to lead,
Volumes of postal manuals we had to read.
The work of staff was always crudite,
e-commerce is recognised as opportunity bright.
Techno savvy projects are going on,
Problems of ours will soon be bygone.
Even Santa sends gifts by India Post,
We are happy to deliver is what we boast.
Life in postal services has just begun,
We are ready to shine like morning sun.

The Beginning

Parveen Kumar Sarawat

The day I joined civil service, I came with a lot of enthusiasm and zeal to do something special for my country. This was truer in my case as I was coming to India quitting a lucrative profession abroad. So the emotions to do the service for the nation were at its peak.

When I landed in RAKNPA, I was unsure and sceptical of imagining myself as a Postal services officer because, let's face it, we write civil services exam to become an IAS/IPS only.

But when I was slowly exposed to the kind of work post office does for the society, I started feeling good about the service. I cannot imagine any other department anywhere around the world which is as multitalented and diverse in operations. Successful Multitasking is the HALLMARK of INDIA POST. We provide wide ranging services like mail, courier, logistics, banking, insurance, money remittance and retail services to all Indians.

Our presence is the most widespread, from the mighty Himalayas to the precipitous Northeast, from sand dunes of Rajasthan to the dense forests of Western ghats. We have a post office for every 20 sq km area of this country.

We are the only central government presence in the rural India. We are the only government department which goes to peoples' doorsteps physically. This is the reason for tremendous trust, love and respect which India Post gets from people, politicians and bureaucrats.

With our classroom programme at RAKNPA we were learning to become masters of rule books and on personal front we were becoming more professional, more disciplined and more mature. Our field attachments were very well timed and organised which gave us right exposure at the right time.

If I have to recall, there have been many memorable moments during the entire training period but most memorable was meeting the honourable President and Vice President of India which made me feel proud.

With lot of technological modernisation happening in the department, the future of postal service is bright and perhaps sky is the limit.

"I am a simple, ambitious, self dependent and exploring. Highly optimistic and do not give up easily.

I respect the traditional values & belief in new ideas too. I enjoy the company of people and would like to be surrounded by them. Also like to hangout with friends. For others "Tit for Tat" is my policy. But my threshold to tolerate is somewhat higher.

I like to explore new places, different cuisines. My hobbies are painting, calligraphy and playing sports. Artistic things in the form of fine and decorative arts attracts me more.

I would like to live a satisfied and meaningful life, should be able to add meaning my life as well to other's lives too."

I love spending time with my family and friends. I am a music addict and keep on trying newer forms of world music. I love to watch movies especially fantasy and psychological thrillers.

I don't believe in god or some supernatural power. You are your own god; its only you who can make you free from your inhibitions, your limitations, your bad habits; who can pardon your sins; who can make life easier and better for yourself and for others. Only Man can make this world worth living or turn it into hell. Lets try to be a good human being. Dont do anything that you dont want others to do.

SMILING BUDDHA OF OUR BATCH, ALWAYS HAS HISTORY OF THE THINGS IN DISCUSSION.

A very good gentleman, sportsperson, archaeologist and excellent orator. He has an excellent experience and knowledge of teaching in Allahabad university.

Anand, our historian can create a whole story out of a few words. He is our oral novelist who understands the beauty of words and blends them beautifully in his narratives and imaginations. With an ability to admire all things beautiful, he charms with his sparkling eyes and the very creative mind.

ANAND SINGH IS A CHARMING GUY OF OUR BATCH. HE MISCHIEVOUSLY SMILES WHEN SOMETHING GOES "GOLMAAL" IN CLASS. THE BEST WAY TO MAKE HIM DO ANYTHING IS TO CHALLENGE HIM. I WISH HIM ALL THE BEST.

Anand Kumar Singh is your quintessential young man from UP. The man is my partner in crime in our love of history, books, movies and odd bits of classical hindustani culture. He will have views and opinions on most of the issues in the world and with each discussion you will know a small piece of information you never knew. The Biggest issue is you don't know when he is kidding or pulling someone's leg and when he is serious. DISASTER MANAGER OF THE BATCH

ODISSI DANCER

CHATTER BOX OF OUR BATCH

Well Miss Swain, she has been the socialite of our batch for a long time. A bakery aficionado and a shopaholic who like me is from all over India. The line I belong to Orissa masks the fact she has spend most of her life in places like Mumbai, Delhi, hinterland Telangana and Chattisgarh. Even though she is like only few months senior to me in age she never hesitates to pull rank.

But you can guarantee that Suchi will always make any new person or stranger feel comfortable and open up very fast by her superior social skills.

Suchismita, bubbling with energy, brings in the brightest colors even to a dull day with her presence. It is absolute joy to be around her sparkling eyes, the very pretty heart, and the non-stop chatter society.

The First person from batch with whom i had talk with, even before joining academy. Social scientist and disaster woman of batch. Nice happy charming lady. "Your laughter speaks the loudest"

You will meet a cute and innocent girl in your first meeting with her and you won't be able to judge about the hidden talents which she possesses. She has impressive oratory skills. One other attribute of her which must get appreciation is her ability to get connected with people and that too instantaneously. Also she never gets angry with anyone!

A bubbly, fun loving and smart girl who believes in living life king size, loves desserts but pretends to avoid them, a shopaholic and a very friendly and easy to get along person.

LAUGHING BUDDHA OF THE CLASS

Patiala Paji

Parveen Kumar Sarswat aka PK aka Paaaji, the man never shies from having a good time. The man is as straightforward, prompt and brief with everybody as anybody could ever be. He never shies away from using his medical knowledge or resources to help needy people when situation demands. The man is also an aficionado of the finer things in life and will always advise and appreciate such things for they are the finest for a reason. He also has tried his best to make me play cricket for he is a fine swing bowler and a dependable opening batsman who has showed his mark in many a cricket tournaments too. The man also hails from Patiala and hence like things named after Patiala his goal is to live life King size.

HE IS A GOOD CRICKETER. HE CAN CRACK JOKES ON ALMOST ANYTHING AT WILL AND HIS ONE-LINERS ARE A HIT IN THE ACADEMY.

When i first saw him, found him cocky, rude, self centered and overtly aristocratic. Knowing him from close quarters and being close friend, got to know that he is growing every day, quick learner, witty, intelligent and passionate. He is one of those who can take stands and say it as well. He will definitely do good job and will remain a good friend to those who remain so to him. He is Truly Multifaceted personality of batch. He is one to whom i will look forward for help and guidance.

"Training in RAKNPA would have been like a 'morning without tea' if not for Praveen and his witty humour. Praveen can be a silent killer on the cricket ground, just as on the dance floor when the rhythm has set in.

Beneath the larger than life exterior lies a helpful, caring, and protective friend who made life easy and fun. True to the notion, the large hearted Punjabi is what Praveen is, "

Fearless, argumentative, ready to take the stand. His sense of humor makes you laugh in any state of your mind. His capability of 'quick response' to anything makes him stand out in the crowd. Ready to help others. Keep his words if he has promised something.

Parveen is the laughing Buddha of the class. No one can match his pun-fun intended jokes in class. You just cant help but snigger and attract a stare. His "diet tips" are take away for fitness geeks. Best wishes to him.

FUN FACT

It is said that he coined the tagline Have I Made It large for Seagrams. (He mimicks Saif Ali Khan well so i dont think its a coincidence)

THE POET FROM CHAMPARAN

Force One

Perseverance Exemplified

Simplicity

When you hear the name Subodh Pratap Singh the thing most people remember is the fact he was with Indian Airforce for the 12 odd years. There is behind that 90's style moustache and the military strut and stride, an amateur poet, literature afficianado, lover of myths and Mangos(shared interest there). You can hold conversations with Subodh on varied range of subjects from the S C Bose affair to the seasonal shifts in agriculture in North Bihar.

The most odd fact is that even though coming from pretty much opposite backgrounds, I and Subodh are very good friends.
Cadet Attention!!!

Silent outside but carries many things inside. His calm, composed and confident attitude are the attributes which one can learn from him. His Hindi literary knowledge is quite impressive. Perseverance is the quality which you can see in him by looking at the journey he has traveled. His presence will always give a feeling of fatherly warmth. He always cares for the last person to come wrt batch things.

Subodh ! He is the know-all of the class. He can tell you what is written in which postal volume , swamy handbook or how to handle a stressful situation in field. He is best known for his helpful attitude to all. Best wishes to him.

"Always prim and proper, Subodh, our very own Air Force man gave the duty, honour, and pride feel from day one. I got a glimpse of the depth of Hindi language and literature from his love for it. I wish you the very best.

Hindi is the forte of this armyman. he has a hindi poem for every occasion. A very good friend , always ready to help , belief in simplicity , down to earth and finally a soldier who is always on duty .

Man of few word and many schemes. He is calm and focused on task in hand.

Quite reserved person, manager of our batch. He like to go into details thats one quality that i liked the most.

A VERY MATURE AND COMFORTABLE PERSON WHO HAS GOOD UNDERSTANDING OF THINGS GOING AROUND. HE TAKES KEEN INTEREST IN MANAGING OUR OFFICERS MESS AND GETS ALONG NICELY WITH EVERYONE IN THIS ACADEMY.

FUN FACT

It is said that Subodh's moustache which is a constant presence is part of a secret pact he had with a Baba who does summer tapasya in Himalayas

MARATHI ACCENT, THE BEST SPORTSWOMEN OF OUR
BATCH AND A HARDWORKING LADY.

The least I can say about Vasundhara is that she is my very good friend. She is pretty straight forward and to the point when it comes to things and has a wide network of friends. We have bickered and argued for long long durations on stuff that will be classified as trivial. Yet as I hark back I think most of my memorable times at academy would have involved Vasundhara's presence in one form or other. The most distinguishing part will be that how good she is at wide range of stuff. Be it Sports, fine arts or even cooking good food. She also has saved me a lot of money for she must have picked up a zillion things I forget when I am somewhere. I think this is the reason that me and her have been very good friends from almost the first or second day.

Vasu! If you don't find table salt, it is most likely near her. A shy singer, fierce worker and a loving soul. You will remember her for a incessant peculiar giggles. Wish her best wishes.

THE SLEEPER CELL OF OUR BATCH

Hamara Netha

Social Positivist

Santhosh is like an active volcano ready to erupt- with- passion, ideas, emotions, and energy., a rare find. True to his name, he is a champion of the masses and a leader in the making whose commitment is reflected in everything he says/does. It is only a matter of time to find him holding the highest pedestals of the country's leadership as nothing less is expected of him.

Some people bleed red and some are said to bleed blue, but each and every corpuscle of Santosh's blood bleeds for his love. No it's not his wife Bhavna (sorry), but the land of Telengana and the state of her people.

The man is passionate, argumentative, empathetic and restless about things he loves, in which along with Bhavna, Telengana comes Cricket and Hyderabad Biryani.

His life is driven by this single lined dedication for that is what has brought him to the world of Civil Service. Along with this he is a fun guy to hangout with and discuss on other frail and fragile things in life. He also has the habit of trying to pay bills everytime you go out with him (I will never complain about that)

Man with Vision for his state and town. full of concern for people. In class he has more answers to share than questions to pose. Well Networked and charming person. Model of the batch.

Our Marx! A person who is always concerned about rural development and upliftment of poor people. He is a good cricketer and an occasional KTP.

Talented, keen learner. Social in orientation. He wants his should be the last word in any kind of argument or discussion! He can put his point in a very subtle way. He has the art of unfolding the things in a skillful manner. However he generally gets sentimental in arguments. He will definitely become netaji one day!!!

SANTOSH IS THE SLEEPER CELL OF OUR BATCH. HE HAS QUESTION FOR EVERY ANSWER AND HE HAS THIS ABILITY TO RAISE QUESTION AFTER WAKING UP FROM SLEEP WHEN EVERYBODY IS LOOKING FOR BREAK.

At first sight people may think he is not concerned or absent minded or live in his own world. Well i hate to be the one to reveal this secret but that is true. But he sometimes will come up with an analysis of some inconspicuous event and you will know that the man has masterly deduction skills.

ATTA GIRL

LIVEWIRE OF THE CULTURAL PROGRAMS.

A Biker, a Guitarist, a Lawyer, an awesome Dancer, a Bangalorean and also a dear friend of mine. She is passionate about both the things she love and things she hate. Not liking rajnikanth is blasphemy for this lady. At this juncture i am contractually obliged to mention that she has huge collection of sarees which is her preferred attire other than biker wear resembling the Hell's Angels or some other Bullet club. My story with her is that at first we were not good friends well not even acquaintances but slowly and steadily as days went by and time flew off, she has become one of my best friends and close confidantes.

In words of Steppenwolf, Divya was born to be wild.

A multi talented girl who believes in enjoying music, playing guitar & making friends. She is a good dancer too.
